The Pink Stuff

By Meme

1 large box of Strawberry Jell-O
1 16-ounce container of frozen, sweetened strawberries
1 16-ounce container of Cool Whip (original/regular)

Thaw strawberries and Cool Whip in refrigerator the night before making.

*Pour Jell-O into a large bowl.
Add 1 and ½ cups boiling water and stir for 2 minutes or more until Jell-O is completely dissolved.

*Add the 16-ounce container of strawberries, stir well. Cover and place in refrigerator until it begins to thicken. (Usually about an hour.)

*When the mixture has reached the right consistency, add all of the Cool Whip and mix well, using hand mixer.

Cover & refrigerate until ready to serve.
